HISTORY OF

PATTY BARTLETT SESSIONS

MOTHER OF MORMON MIDWIFERY
This book is dedicated to my wife, Dolores Ann Emma Bock, without whose help this book could not have been published, and to my children, Linda Lee, Becky Lyn, Leslie Bock, Nancy Sue, Wendy Ann, and Kimberly Kay for whom this history was primarily written.
Forward

The History of Patty Bartlett Sessions, Mother of Mormon Midwifery has been compiled using her personal journals as the primary source. The journals begin with the Mormon exodus from Nauvoo, Illinois in the dead of winter, February 10, 1846. Patty Sessions describes the entire journey of the Mormon pioneers across the great American desert bringing with them the church as restored by the Lord on April 6, 1830. Patty's daily accounts are accentuated with the perils of surviving in a harsh new land. The existing journals end with the peaceful settlement of the Great Salt Lake Valley on 31 December 1866 where she is among her beloved friends and relatives. To a minor extent other sources have been quoted in compiling the most complete history of Patty Sessions' life as possible.

The journals are copied, in so far as possible, exactly as the words are penned in Patty Sessions' original handwritten journals which are on file in the Church Historian's office of the Church of Jesus Christ of Latter-day Saints. In an effort to preserve as much of her personality as possible in the text, no spelling corrections have been attempted and a minimum of punctuation corrections have been made. However, the author has edited out some journal entries which appeared personal or insignificant. Explanatory comments and illustrations have been added to highlight certain events of historical and genealogical interest.

Patty Bartlett Sessions is one of the great heroines and pioneers of Mormonism and the story of her life sparks the admiration and respect of all who share a common lineage with her. The history of Patty Sessions has been published in the hope that it will provide her descendants with an appreciation of the great heritage of freedom and religion which she helped provide and that her example will serve as a source of strength during the vicissitudes of life.

CHAPTER I

The Family

Patty Bartlett was born on 4 February 1795 in Bethel, Oxford county, Maine, the eldest child of Enoch Bartlett and his third wife Anna Hall. Enoch Bartlett married Elizabeth Segar on 23 June 1766 at the age of 24. From this union were born ten children, two sons and eight daughters whose names were Anna, Reuben, Relief, Remit, Thankful, Betsey, Burr, Olive and Lucy the youngest. One son died as an infant without being given a name. When Bethel, Maine was first settled by white men, Enoch moved there with his wife and several of his children, leaving one or two of the oldest behind. After a time he moved the remainder of his children to the new home also. The youngest child, Lucy was not yet born.

Since Enoch was one of the first to settle in this new wilderness country, there were no roads. Enoch with one or two of his half brothers transported their families and effects on hand sleds following a line blazed on the trees. His half brothers, Jonathan, Moses, Stephen, Thadeus and Perrigrine also moved to Bethel and raised large families. A half brother Elisha, remained in Newtown. The time of settlement was near the close of the Revolutionary War.1

Enoch's first wife, Eliza, died when her youngest child was about nine years old, leaving him with nine children. Several children were married at the time of their mother's death. Two or three years after Eliza's death, in the year 1794, Enoch married Anna Hall, the daughter of John Hall and Hannah York who were the parents of a large family in Standish, Maine. Enoch took Anna to his residence in Bethel, Maine and she bore him nine children which were as follows: Patty, born 4 February 1795; Elisha born 7 December 1796; and Namah born 13 October 1798. On 7 April 1800 he moved to Newry the adjoining town and a son, Jonathan was born 31 July 1800; Polly was born 8 May 1802; Alphie was born 28 April 1804; Lydia was born 15 Nov 1806; Loraina was born 29 July 1808 and died 5 April 1811. Enoch, being the youngest of his father's nineteen children was born 5 July 1811. Patty's father lived to see the fifth generation of his family and died in September 1825 in the eighty-third year of his life leaving a wife and seventeen children. At this time all of his children were married except Lydia and Enoch and all had settled within ten miles of his residence.1

Enoch's last eight children married as follows: Patty married

Patty's father Enoch, made no pretentions to religion and never belonged to any sect. He was a very liberal man to the poor and was honest and upright in all his deportment. He taught his children to work, to speak the truth, to deal justly with all, and to live virtuous. He also taught his children not to take which was not their own, even so much as an apple from a neighbor's tree without leave.

After Enoch's death, Patty's mother Anna, lived with Elisha in Newry, Oxford county, Maine.

Patty Bartlett Sessions gave birth to eight children. Perrigrine being the eldest, was born 15 June 1814 near the town of Newry, in a township called Ketcham, where his father David Sessions had bought land and made a farm. David Sessions built a log house and a large frame barn, but the land was very uneven and in December 1815 he bought a farm about nine miles northeast at a place called Andover West Surplus. It was later annexed to Newry in 1837.

On the new farm was a log house and a small frame barn. This was good land and a large portion of it "bottom land" on a small stream of water called Bear River. Here the family lived until 1837 and built a large house and two large barns with several sheds. David Sessions later bought more land and a sawmill adjoining his property. He then built a grist mill on the four hundred acres of land he had accumulated.

The family suffered many privations in this new country which was hedged up on all sides by high mountains. It was necessary for the family to travel up and down the river which ran in a southeasterly direction parallel with the mountains. Many large mountains were visible from their land including Saddleback or Speckled Mountain, Mount Will, Back Mountain, Bearriver White Cap, Goose Eye, Sunday River Whitecap and many others. It was not uncommon to see snow on these peaks as late as the Fourth of July.

Many "slips" or avalanches came down and left the rocks bare for miles. The timber consisted chiefly of stands of spruce and fir. In the valleys grew fine maple, beach, birch and ash with many kinds of bushes and shrubs that made it quite difficult to travel with any animals.

The wildlife that infested the mountains were moose as large as a horse, bears, wolves and some deer. The partridge or pheasant was the only bird used for food.

The climate was cold and dreary in the winter and the snow fell deep.

The family used fine lumber as the main article of transportation, probably making it into rafts to float down the river to be sold. It was seventy miles to navigation. David Sessions, by his industry and with his mills and public house procured considerable wealth.

In the diary of Perrigrine Sessions there is an interesting account of the family life of David and Patty Bartlett Sessions which is quoted here as he wrote it. "When my father moved on to this new farm the neighbors were all methodist and June the third 1816 my Brother Sylvanus was born. My Mother by reading the bible began to think that baptism was necessary and October the first 1816 she was baptised. My Father made no pretentions to religion as yet but did not oppose her and July the thirty first 1818 my sister Sylvia was born and Oct following my Father made a profession of Methodism and in January he was baptised by immersion in 1820. March 21 my sister Anna B. was born. They then had four children and in the course of the year he built a large house and moved into it Nov. In March following 1821 his Father and Mother came to live with him. His Father at this time drew a pension of ninety six dollars a year, his mother being interly helpless with a rheumatick complaint so that she was not able to dress or undress her self nor stand on her feet and had not for five years before she died. May the ninth 1823 my brother David Jun. was born. The sixteenth of September following my
sister Anna was taken with the colery marks and died the twentieth
being three years and six months old at her death.

The twenty second my Grandmother was taken with the same complaint and died Oct 1. September 23, 1824 my Grand Father, being as well as common at his dinner, went to a neighbours, had set down on a chair and died instantly. Did not know as anything ailed him untill he could not speak.

March the 16, 1825 my Sister Anna B. the second was born and the first day of September 1825 my Grand Father Enoch Bartlett died with a fever. August the first 1827 my brother Bartlett was born. February the 15, 1828 he died being six months and fifteen days. Died with the hooping cough.

In 1832 were all sick with the typhus fever and my sister Anna died August tenth aged seven years and four months and twenty four days. At this time my Mother could not raise her hand to her head and lay in the same room whaire my Sister died. My Father and brother Sylvanus lay in an other room and did not see her after she was taken sick. My Aunt Alphia and her daughter lay in an other room. They were all helpless. I had had the fever and had got so that I could set up some. My brother David was just coming down with the fever and my Sister Sylvia being the second time deprived of her only sister, she morned and wept until she had to go to bed. At this time my feelings I could not describe.

September 15 my brother Sylvanus died, being sixteen years and three months and twelve days old. At this time my Father and Mother had got some better but my Grandmother Bartlett was there and she and David were so sick that they did not know when Sylvanus died although they were in the same room. After my Grandmother got better she was carried home on a bed six miles between two houses.

There was eleven that had the fever at my Father's house that summer and many others in the neighborhood. It was a sickly time.

In August 1833 Mormonism so caled was introduced into that section of the counry by Hason Aldridge and Haris Cowen and as soon as my mother herd she believed but my Father thinking it was best to wait and examine a little longer and she feeling that she ought to waite untill he was willing and was not baptised untill the next July 1834 when he gave his consent. She was baptised and confirmed into the Church of laterday Saints under the hand of Daniel Bean. She stad firm steming all oposition and she received much of it from her neighbours and some of her brothers and sisters. She remained alone in the Church almost one year before any of the rest of us joined the church and six miles from any other members."

Patty's oldest child Perrigrine married Julia Ann Killgore on September 21, 1834. She was the youngest daughter of twelve children born to John and Anna Killgore. Julia Ann was the last of the children to be married being nineteen years and two months old (lacking three days).
Perrigrine became convinced of the truth of the doctrine taught by the Latter-day Saints and obeyed its requirements. He was baptised under the hand of Edward Partridge, the first bishop of the church on 17 September 1835. Isaac Morley was accompanied by Edward Partridge. On 1 August 1836, Julia Ann was baptised under the hand of Lyman Johnson, one of the twelve apostles who was later cut off from the church.

At this time the family began to meet with persecution. There was a branch of about thirty members of the church in the town of Newry presided over by Daniel Bean who later was cut off from the church. Most of the saints eventually moved to Zion and were in high standing in the church. The saints in Newry were visited several times by the twelve apostles and other traveling elders which gave the family much joy. The twelve held a conference at David and Patty's home on the 12th of August 1835. Brigham Young and Lyman Johnson, two of the twelve were present and the blessings of God attended the meeting. Several were baptised into the church at this time and all were encouraged to gather with the saints in Zion.

The Spirit of Gathering

Again, the stories of Perrigrine and others are quoted as the only existing source of the history of the family during their journey to Zion.

Edward Partridge was appointed bishop of the Church February 4, 1831 (D&C 41:9).
CHAPTER II

The Spirit of Gathering

Again, the diaries of Perrigrine Sessions are quoted as the only remaining source of the history of the family during their journey to Zion.

"This looked like a great sacrifice to make as the distance was so far. But we began to dispose of property as my Father and I had considerable. Times were hard and money scarce, but after a continual perseverance we all started being my Father and Mother and one brother and one sister, myself and wife and one child in company with Uncle Jonathan Powers and wife and two sons, Charles and Moses, which were young men, but did not belong to the church yet. Their parents did. They started with too horses. My Father and I with five, two two-horse teams and one single.

We took leave of our neighbours and friends on the fifth of June 1837, when many a tear was shed by our neighbours and friends as my Wife left her aged Father and step Mother with all her brothers and sisters never expecting to see them again in this world. We traveled up the Androscoggin river as far as Shiloh. From thence to Lancaster in New Hampshire on the north side of the white mountains which was covered with snow at the time which was on the ninth.

When we arrived in Lancaster we traveled south down the Connecticut river to Hanover, crossed over from thence to Rutland where we crossed the Green mountains in Vermont thence to Glen falls where we crossed the north river in New York. Thence to the Saratoga Springs which is quite a curiosity as there is seven kinds of water with in a short distance. In one place there is a round stone about four feet high above the level of the earth that has a hole in the top about as large as the eye of a millstone where the water boils out like a boiling spring. In this place was the first railway we had seen in our journey.

From thence to Johnstown which is a fine little town, thence to Utica which is a fine city. Here we found much business done on the Canal and railway roads. Thence to Buffalo by the way of Saratoga and Rochester. Here we shipped all our goods and teams on board of a Steamboat bound for Fareport, Ohio, where we all landed after a pleasant sail.

From thence to Kirtland where we found many of the saints. Here I saw the Prophet Joseph and heard him preach in the temple of the Lord that the church had built in that place. Here we had many things to try our faith as we were all sick with the measles which hindered us seven weeks.

Here we left brother Powers and family and started for Missouri. We kept up the Ioke road as far as Cleveland, thence
to Worcester thence to Columbus. Here we come on to the National road which is fine road to Indianapolis which is the capital of the State of Indiana. Thence to Springfield Illinois, thence to the Mississippi river and crossed at thence to the mouth of Grand river. Here it began to rain which made the roads very bad and several times we found bridges gone and the streams risen so that we had to swim our teams. But after a long and tedious journey, camping in a tent by the side of the road, we landed in the Far west November the here we found a large body of the Saints that were living in their tents while others had built houses, but were chiefly of wood. But the Saints were united and the blessings of God attended them as they had been driven from the adjoining counties by a helish mob, inspired by their Father the Devil who had killed many of the Saints and driven the rest away from their houses and home and lands that they had bought and paid their money to the state for and had made large farms. Yet they were driven away from all they had. Their houses burned down and their crops destroyed and their good waisted and they had to live in tents and for weeks had to live on boiled and parched corn. But when we arrived in Farwest there was the appearance of peace which inspired the Saints to build houses and make large farms. The Saints were gathering in from all parts and their numbers increasing daily. The Lord was giving Revelation through the Prophet Joseph as he with his family with brother Hiram landed in Farwest in the winter of 1837.
CHAPTER III

The Iowa Trek

"No odyssey in Mormon history surpasses the tragedy and triumph of the Mormon exodus (February to June 1846) from Nauvoo, Illinois, to Winter Quarters, Nebraska. Deaths and other tragedies were varied and numerous, resulting from such terrors as "black scurvy", cholera morbus, typhoid fever, "quick consumption" (tuberculosis), and maternal deaths, not to mention the weaknesses of human beings under stress. The triumph derived from the successful emigration of thousands of men, women, children, and livestock under such abominable conditions."

"By contrast the original pioneer company (and the second company of which Patty Sessions was a member) that went from Winter Quarters to the Valley of the Great Salt Lake did not suffer the death of one person . . . yet, in spite of the fact that many important "firsts" in Mormon history took place across Iowa, this first portion of the complete exodus is much less known than the second.

"Along the Iowa trail not only were the basic skills of emigrating and colonizing learned, but several permanent camps were also established (camps 20, 25, and 38), the first recorded incident of blessing an animal (Patty Sessions horse) took place (camp 5), the famous hymn "Come, Come, Ye Saints" was composed (camp 14), the Mormon Battalion was mustered and organized (camp 25 and 36), and Brigham Young became President of the Church (camp 38 and 38A)."

"This part of the westward march was a learning period that greatly influenced Mormon history long afterward. The Saints had learned only the rudimentary lessons of emigration during the famous Zion's Camp march from Ohio to Missouri in 1834. The advanced training had to be learned between Nauvoo and Winter Quarters. The skills acquired in Iowa not only made the trek from Winter Quarters easier, but also set the pattern for building and colonizing Utah."

"The fundamental organization of the trek was effected at Nauvoo, where about twenty-five men were appointed, each of whom was to take charge of selecting and transporting 100 families across the Rocky Mountains. Charles Shumway, the first person to cross the Mississippi River on February 4, was one of these captains. At Sugar Creek Camp (1) and at Richardson's Point Camp (6) this rough organization had been reworked and improved.

"By the time of the Chariton River Camp (10), it was obvious that a general restructuring was necessary. Many of the original families had returned for various reasons to Nauvoo, and bad roads and weather had scattered many others."
"At Chariton River, the remaining emigrants were regrouped into three companies, each with 100 families, which were subdivided into fifties and then tens. Each unit was led by a captain, the most important of which were the captains of the six fifties --Brigham Young, Heber C. Kimball, Parley P. Pratt, Peter Haws, John Taylor, and George Miller. William Clayton and Willard Richards were appointed camp clerk and historian respectively."

"Brigham Young had originally planned to vacate Nauvoo when winter subsided and the grass was green. But anti-Mormon violence and perhaps the rumors that federal troops were coming up the Mississippi River when weather permitted forced the Saints' removal much earlier."

"Before the advance parties left, unsold Church and private property was turned over to a group of trustees to dispose of as best they could. Otherwise, the people and everything that made Nauvoo something special eventually left the area. All across Iowa a special courier system maintained communication between the various companies and with Nauvoo."

The Mormon trail across Iowa has been marked on the accompanying 1971 official highway map of Iowa by Stanley B. Kimball and concentrates on the route taken by Brigham Young's Company of which Patty Sessions was a member.

Patty Bartlett Sessions begins her journal at the beginning of this trek on February 10, 1846 and is quoted as follows in her own words and spelling as far as is possible. Also quoted throughout this chapter is the commentary by Stanley B. Kimball regarding this great trek by the Mormon pioneers. This commentary appears in the June 1972 issue of the Ensign magazine.

February 10, 1846 My things are now packed ready for the West. Have been and put Richard Binds wife to bed with a daughter. In the afternoon put Sister Harriet Young to bed with a son.

February 11, 1846 Made me a cap, and in the evening went to the Hall to see the scenery of the Massacre of Joseph and Hyrum Smith.

February 12 This morning Brother Dibble gave me a ticket to go in to the scenery any time. We then bade our children and friends goodbye and started for the West. Crossed the river about noon. Mr. Sessions and I with many other Brethren. I knit almost a mitten for Mr. Sessions while he went back to get some things we left.

February 13 We have had a good nights rest, attended prayers in our wagon and have eaten our own breakfast. Noon--made me two red night caps out of flannel Sylvia sent me. Mr. Sessions has gone over the river to get his plow-handles. Has got back with them.

February 14 This morning it snows. Sister Oakley has set up all night because her wagon did not get across the river. I gave her and Marianne and Carlos Muray some breakfast. We are now ready to leave the bank of the river to go to the other camp. 3 o'clock-- We have arrived to the other camp on Sugar Creek. It has just done storming. The ground covered with snow and water and is very bad underfoot. Attended prayers in Father John Smith's tent.

February 15 I have wrote a letter to Perrigrine and visited many of the sisters.

1. Sugar Creek Camp (February 4-March 1, latitude 40 deg. 32 min.). This was the staging ground for the Camp of Israel. Brigham Young arrived here February 15, and others continued to arrive until the camp moved March 1. By that time there were
about 500 wagons and approximately 5,000 Saints. The area was used as a first camp until at least the following October. Before the year was out, between nine and ten thousand emigrants left this camp for the West.

"In February the weather was extremely harsh. The temperature went as low as twelve degrees below zero and usually hovered around twenty or thirty degrees above zero, causing much suffering as people huddled around great log fires. Nine children were born on one particular night in this camp. On February 25 the advance company of pioneers was dispatched to go ahead to prepare the roads.

"Part of this extensive camp site may be viewed today north of where county road J72 crosses Sugar Creek, about five miles west of Montrose, in sections 2 and 11 of Des Moines Township."

"Although it did not occur at Sugar Creek, there is one event that deserves to be mentioned in connection with this area. During the following October when the remnants of the Mormons were leaving Nauvoo and resting on the Iowa shore of the Mississippi River, flocks of exhausted quail began falling to the ground and were gathered for food by the destitute as manna from heaven."

Monday 16  
Pres. Brigham Young came into camp this morning—it is very cold. The wind blows, one can hardly get to the fire for smoke, and we have no tent but our Brother Taylor has got here this morning. He has one team that got frightened, ran down hill, upset the wagon, hurt a lady and a boy some. I helped dress her wounds and made her tea.

Tuesday 17  
Pressed the boys legs, heard from home by William Kimball. They have begun to organize and we go first hundred, second ten Pres. Youngs company. Captain Holman.

Wednesday 18  
David Sessions and Enoch Tripp came into the camp, took dinner with us. I wrote a letter to Sylvia, another to Rosella, sent them by Enoch. David has gone to Harrington.

Thursday 19  
It snows hard, the wind blows, no tent yet. Mr. Sessions sent $1 yesterday for cloth to make the ends of tent. It has come but no twine to sew it with. David has come back. It snows fast. He takes dinner with us again and starts for home. It has stormed and the wind has blew all day.

Friday 20  
It has not stormed but the wind blows and it is very cold.

Saturday 21  
I visited Loisa Beman and Eliza Snow.

Sunday 22  
We got canvas for tent, sewed some on it.

Monday 23  
It is clear, a warm sun, but cold air.

Tuesday 24  
Stormed all day. Finished sewing the tags, then Mr. Sessions went home to get tent poles and other things.

Wednesday 25  
Iee very cold this morning. Put Jackson Redings wife to bed with a son.

Thursday 26  
'Tis so cold I could hardly stir. Sylvia, David and the girls came over to see us. Mr. Sessions came home. The girls go into the river.

Friday 27  
Mr. Sessions and I went over to Nauvoo to get the stove and cow.
Return Jackson Radden

It has always been claimed and tacitly acknowledged by authorities, that he was the first of the advance party of "Mormon" pioneers to gaze upon the beauties of the great Salt Lake Valley, on the 23rd day of July, 1847.

February 28, 1846  Came back, put our stove in the tent. We put John Scott’s wife to bed with miscarriage.

Sunday 29  Are comfortable Sunday. Have a meeting and start along. Travel five miles.

March 1, 1846  Pitched our tents.

"2. Sugar Creek Camp Number 2 (March 1, latitude 40 deg. 34 min. 52 sec.). Brigham Young crossed Sugar Creek and proceeded northwest along the creek about five miles and camped in several inches of snow near county road J62, in section 20 of Charleston Township."

"3. Lick Creek Camp (March 2, latitude 40 deg. 35 min. 51 sec.). This camp was just above the present town of Croton, on the west side of Lick Creek, one-half mile from its junction with the Des Moines River."

"4. Reed’s Creek Camp (March 3-4, latitude 40 deg. 42 min. 26 sec.). This fourth camp was three miles above Farmington in a ten-acre field near Reed’s Creek, three quarters of a mile north of the Des Moines River, in section 15 of Bonaparte Township. Captain William Pitt’s brass band gave a concert in Farmington that evening. There is a local tradition that some Mormons remained in the area, and some are buried two and one-half miles east of Bonaparte."
March 5, 1846  

We start along. Mr. Sessions has lost sight of the cow. I have to drive while he goes to hunt for her. We go up the river. Mr. Sessions overtakes us; has not found the cow. Cross the river. Ford it below Mill dam on hill, bad road, I so a foot, get on the Prairie, stop and feed. Go across the Prairie. It is so late we do not pitch our tent. Travel 13 miles to Indian Creek.

"5. Indian Creek Camp (March 5-6, latitude 40 deg. 42 min. 51 sec.). On March 5 the camp forded the Des Moines River just below Bonaparte and made camp on the north bank of Indian Creek, just west of Jacey-Keosauqua State Park, near section 8 of Des Moines Township. Some time ago the Daughters of the American Revolution commemorated this crossing by erecting a marker one-quarter of a mile west of the Bonaparte bridge." Note Patty's earlier record:

Friday 6  

I go back 10 miles this morning to see Sarah Ann. She is sick, sent for me. I rode horse back. She was better when I got there, and I drove her carriage into the camp in the afternoon with her and her mother. Camp did not start today. Our horse was sick last night but they laid hands on him and he is better today.

Saturday 7  

Bro. Holman and the rest of his ten start along. We stopped. Bro. Young said we must not start with our horse. He will send a team back for us. Other teams begin to come along. Brigham's Company has taken a thousand dollar job 7 miles on ahead, but did not do it. Did not send a team back today, we stay alone here tonight. I have the Ague.

Sunday 8  

Sarah Ann sends back 9 miles for me. She has a son born before I get there. Calls if David Kimball Smith. Born on the valley of David. Brother Whiting sends back for Mr. Sessions. I go on 2 miles to our tent. Meet him. He has exchanged his mare for a huge yoke of oxen.

Monday 9  

Mr. Sessions overtakes me today at Richardson's Point. Yesterday felt bad, I was not well, and our things were scattered on account of heavy load and bad road, and were in 9 different places. We are all together now, but our cow. We are now about 60 miles from Nauvoo. Brother Ezra Benson came after me about 9 o'clock in the evening. I went and put his wife to bed with a daughter in the tent. Came back and found Mr. Sessions in bed without his supper. No one to get it for him. When I went away he had gone to trade his horses for oxen, but he did not.

"6. Richardson's Point Camp (March 7-18, latitude 40 deg. 42 min. 56 sec.). Because of bad roads and rain, most of the camp remained here for nearly two weeks and improved their organization. The brass band played several times for goods and money in nearby Keosauqua. Also, the camp's artillery unit cached a supply of cannonballs in the area, a cache that may still be there."
Locating this campsite has been most difficult, but it seems to have been at what was later called Oak Point, on a branch of the Chequest Creek, about three miles west of the present town of Lebanon on county road J-40, in section 32 of Chequest Township.

March 10, 1846

This morning I feel very bad, here we are, we were counseled to come. Our team cannot draw our load and unless we get some more team we must stop, and some of our ten say we must give up our provisions and then we can go along. I now expect the brethren go along and leave us my feelings I cannot express but my desire is that they may not leave me. After breakfast I went to Brother Kimball's tent. He was praying after he had done he says, "Mother Sessions, what is the matter? You don't feel right I know". I told him we could not go along. He said "I should not go today and I will plan for you," and said many other things that comforted me; and it began to rain, I hurried back to the tent.

Brother Charles Rich brings our cow back. We were glad to see him. Bro. Brigham came in to see us and told me we would not be left behind for he wanted me along and I should go soon.

Mr. Sessions came in and said he had put off the horse for 2 yoke of 4 year old steers, and 20 bushels of oats; sold 2 halters for 6 bushels of wheat. I feel now as if we can go along. We are in Chequest.

Wednesday 11

It is still raining. Called at Sister Rockwell's. She miscarried.

Thursday 12

It rained, wrote back to P.G. by Bro. Carns. Father John Smith came into our tent. Made us quite a visit—said much on the resurrection.

Friday 13

Cloudy and qually.

Wrote a letter to Rosella.

Saturday 14

Fair but the wind blows hard, visited Bro. Chase, he is sick Bro. Holman and Rockland started back for the family.

Sunday 15

I get Loenzo Pond to work for me. Visited Zina with Eliza Snow. It has been a fine day.

Monday 16

Farmers' child died. I ironed, windy, sent 4 bushels of wheat to the mill. Flour divided.

Tuesday 17
March 18, 1846

Edwin Little died this morning. Brought back into the camp to be buried; he was carried out to a house in his sickness. He is this evening buried. I have baked some pies.

Thursday 19

The camp starts, we go, leave the tent for Bro. Holman's goods, as he has not got back yet. We travel 12 miles. Camped on Cheques (Creek, Davis Co. New Purchase) Today was cold and no tent.

"7. Evan's Camp (March 19). This camp was on the south side of Chequest Creek."

Friday 20

Cold morning but fine weather, traveled on 10 miles, low bottom, muddy, have to double teams. Cross Fox River, double up the hill. Yesterday we put some of our load in West's wagon, put the steers on it. Amos Davis drives it. It has been very cold. I have been very cold until now. The anxiety of mind to get through the mud has warmed me so that I can write while they are gone back after the other teams to come up. I have now traveled 3 miles on foot to the camp and have traveled 3 more in the forenoon to keep warm. We have come 15 miles today.

"8. Davis County Camp (March 20, approximate latitude 40 deg. 42 min. 56 sec.). On this day the camp crossed the Fox River near present-day Drakesville and camped several miles beyond the river."

Saturday 21

Good roads, come 11 miles today. Camped on the head of Chavitian Wather, some on one side and some on the other.

"9. Coffman's Settlement Camp (March 21). This was several miles from the Chariton River."

Sunday 22

We have put stove in Bro. Wicks tent. 2 nights we go through the bottom. Cross the Chavitian River by letting our wagons down by ropes and drawing them up the same way. Zina has a son at the river. Comfortable. We traveled 4 miles, doubled teams up hill and camped. It rained tonight. John Young came into the camp. We saw him.

"10. Chariton River Camp (March 22-31). This site, one-half mile west of the Chariton River and a little southeast of present-day Sedan, near section 30 of Wells Township, was about 100 miles from Nauvoo. Since leaving Sugar Creek, the camp, on account of bad weather and sickness, had only averaged between three and four miles a day. It was here that the reorganization took place. On March 23 the ground was whitened with hail the size of peas."

Monday 23

We cannot start today. He came to see us. Tells us much about Nauvoo, Bro. Clark killed a turkey and others killed some. David Davis got lost hunting all night.

Tuesday 24

Rains and snows, cold and muddy. Stay in the wagon. Wrote a letter to Sylvia, yesterday.

Wednesday 25

Snows. Cold, with nothing for our teams to eat yesterday nor this morning, but boughs and snow, and mud over our shoes. Got a little corn tonight.

Thursday 26

Cold and the wind blows hard, blows our tent down every little while.

Friday 27

The wind blows hard, Bro. John Young goes home this morning. I send Sylvia's letter by him. I have coals in the wagon to keep me warm.
March 28, 1846

Sunday 29

Very cold. Requested to cut no wood, nor leave the camp but to keep the Sabbath Day.

Monday 30

Bro. Homan and Racklin returned and brought me some letters from my children. Warm and pleasant weather.

Tuesday 31

Have read my letters with joy and gratitude to God for the privilege of hearing from them. Have read Perrigrine's letter to Brigham he says they will all get along soon, and if Windsor and Parid start now they will be glad to follow after and come crouching. Porter Rockwell has come into camp. Brought us a letter from P.G. and Rosilla.

April 1, 1846

Wrote a letter to P.G. It is warm and pleasant. We have been here 10 days. 12 o'clock we start along, go 7 miles. I walked 5; camped on burnt prairie, East Fork of Shoal Creek. Take stove out of Bro. Hicks tent and go into Brother Rockwood's tent.

"11. Shoal Creek Camp (April 1-2, approximate latitude 40 deg. 40 min. 7 sec, and longitude 92 deg. 59 min. 15 sec.—the only longitudinal sighting taken by Pratt). The company camped one mile west of the east fork of Shoal Creek, near section 1 of Pleasant Township. About this time it was decided to bear more to the north, for the camp was then in the border area disputed by Iowa and Missouri. At that time, since the boundary was about ten miles north of where it is today, some of the companies actually dipped into what was then Putnam County, Missouri. The sources indicate that when practical, some Mormons worked and traded in northern Missouri, in spite of their previous hardships in that state."

Thursday 2

Stopped here today, changed our wagon, put our load all in one wagon. I am almost tired out, cooking, loading and unloading. We put our oxen all on one wagon.

Friday 3

Start before breakfast. Go 8 miles came up with Bro. Milens camp. Stopped and eat. I went into several tents. It thundered and lightened and stormed all afternoon, and we traveled 11 miles. More through mud and rain. Mr. Sessions went all the way a foot and then camped. Rained all night. Here we took Richmond and team to board.

"12. Hickory Grove Camp (April 3-5). This camp was about one mile east of the east fork of Locust Creek."

Saturday 4

Mud a plenty. The worst time we have yet. We shall have to stay here until the mud has dried up. Mr. Sessions is so lame he can hardly go. He lays in the wagon half of the time. Today I went a foot some. It still rains when it was up hill we had to double teams. I got wet but I feel well.

Sunday 6

Church 16 years old today. It rained hard. Bro. Rockwood came to our wagon and told us the word was to get out of this mud as soon as possible. We move before breakfast. Go 3 miles across the creeks on new bridges that town men have made. Had to double up teams all the way through mud and rain. Sit in our wagon while the teams go back for Bro. Rockwood's wagon. Nothing but boughs for the teams to eat. Bro. Brigham came up with his company driving his team in mud to his knees as happy as a king. Here we camped the men went some to browsing the cattle and some to cut us wood, and burning coal we got supper. He went to bed. It soon began to thunder and lightening, the rain came faster than ever, about 2 o'clock in the morning, I was called to go back two miles, it then snowed. Rode behind a man and through mud and water some of the way belly deep to the horse, found that sister that was called to in an old log cabin, her child was born before
I got there, she had rode 13 miles after she was in havil. Crossed the creek on a log after dark, her husband carried her over much things as was necessary, left his wagon and teams on other side as water has carried off the bridge.

"13. Locust Creek Camp Number 1 (April 6-12). This camp was on the middle fork of Locust Creek, and because of bad weather Brigham Young remained here a week. On April 6, the sixteenth anniversary of the organization of the Church was observed. It was here also that the important decision to build a more permanent camp on the Grand River (that is, at Garden Grove) was made."3

April 7, 1846

The ground froze some, got on the horse on a man's saddle rode home to our wagon, the creek has raised. The mud frozen, the man afoot went on foot with me, and got home safe, it came off fine. Bro. Rockwood brought in some wild onions and prairie flowers.

Wednesday 8

The water has fell so that men have gone to making bridges, some came for corn for teams. Sister Honn has shelled a little for me, a little corn for the teams, 2 ears apiece. Mr. S. has two yokes today one for Rockwood and one for Holman. A general time for washing.

Thursday 9

Jane Glen washes the rest of my clothes, it rains again, she caught cold, can't get them dry, rained hard all night.

Friday 10

Water is as high as before and keeps raining still raining. 2 p.m. the sun come out. Our brethren have gone out to look for another camping place for fear we shall get flooded out of here. Have all the teams got up ready to move at 4 o'clock, came up a dreadful storm of wind and rain. We remain where we are. The teams turned out again.

Saturday 11

Cloudy, mud so deep that we can hardly stir, men go over their boots in the road in the mud. The bridge that the pioneers built has gone off and some of our men have gone to build it again. Brigham and others have gone back to see the other part of the camp. 4 o'clock returned, Bro. Kimball with them. He said it took 7 men to hold his tent down in the rain and hail, and that the most part of the camp was within 3 miles of us. We were glad to see him and hear from the rest. Jane has got my clothes dry. Would take nothing for washing said I had visited her when she was sick and thought she was dying and perscribed for her and she lived and had not forgot it.

Two months today since I left my house. I have been in the cold in the snow and rain without a tent but now we are blockaded with mud and no feed for our teams but boughs. I never have felt so bad as now but I am not discouraged yet, the Council have met to devise means and ways for our salvation. Many have met in the tents for meetings. I in the wagon alone have prayed and wept before the Lord in behalf of this people and my children, praying God to spare our lives until we all shall meet again. My health is poor my mind weighed down but my trust is in God. The Council returned at 4 o'clock. Bro. Willey said he was going to Nauvoo. I write a letter to P.G.

Monday 13

Bro. Rockwood said we were called upon to divide out our goods. Said that Brigham thought we had store goods. We told him we had but little, but was willing to divide that; even to our clothing. I told what we had—16, in money was all we had and store goods none of much account, but when it was called for it was all ready. We divided a bag of flour at Richardson's Point—another at Chavidow and some more at the East fork of Sloal Creek, and...
have enough to divide again if called for.
It was fair weather and we overhauled our load
today. Our mush and things that was wet. at
3 o'clock we moved ½ mile on to the hill,
pitched our tents. Bro. Brigham and wife came
in, he said he was sick I made some tea he
drank it and said he felt better.

the camp moved one-half mile west. It was here on April 15 that
William Clayton wrote the words of the hymn "Come, Come, Ye Saints,"
In his journal for that day all Clayton recorded was, "This morning
I composed a new song--"All is well."" Despite a persistent rumor
to the contrary, there is no evidence that Brigham Young comissioned
this hymn to buoy up the suffering people.'
April 16, 1846

We moved along 6 miles. I have not been well, today. Since I stopped, visited Bro. Thomas and sister and Mr. Richards. Both seemed better. We are camped on the head waters of Locus Creek.

"15. Rolling Prairie Camp (April 16)." This camp was one-half day's journey from the previous one.

Friday 17

Moved on 6 miles. 1 o'clock stopped and made a bridge over Madison Creek then go 2 miles. Camped on Pleasant Point. I rode on Bro. Sherwood's pony from the bridge to the camp. (For our teams were very weak, having but little to eat) and he made me ride his pony.

"16. Pleasant Point Camp (April 17-20, approximate latitude 40 deg. 44 min. 7 sec.)."

Saturday 18

Pleasant and warm. I feel very tired and feeble, was so tired last night that I could not sleep. I have been this morning and visited Bro. Thomas, made him some food and bitters and put my brandy into it, and I have furnished all the sugar and many other things. The milk and crackers he has had. I ordered his feet washed and left. The Council met and decided that those that could fit themselves out to go over the mountains could go and that those that could not locate from this and make a big farm, and so get means to move on, and also to serve as a kind of tavern for those that are behind to refresh themselves as they come along. Mr. S. feels very bad. We have divided out our provisions when called to and he hardly knows how to fit ourselves again, but I think we can by selling off some of our things and I had rather do that than stay behind.

It was about halfway across Iowa, 144 miles west of Nauvoo and 120 miles east of the Missouri River. Here a permanent camp was built for the benefit of those to follow. Creek today. It was here that Captain James Allen of the U.S. Army found Brigham Young in July and requested 500 men to help in the war with Mexico. Also in this general area, the Mormon Battalion was assembled to begin its heroic march.3

"37. Council Point Camp (June 14, 1846-1852). In addition to the camp at Mosquito Creek, a second camp was made on the flats near the Missouri River just north of Council Point, a straggling Potawatomi Indian trading area. Here the Mormons built a ferry to transport themselves across the river to the present-day site of Omaha. This camp and ferry were near the spot where highway 92 crosses the river, just west of Lake Manawa."

"38. Kanesville (July 17, 1846-Spring 1852). This site existed as a trading post and Indian settlement for the 1820s. In Mormon times it was first known as Miller's Hollow and eventually as Council Bluffs. On July 17, 1846, Henry W. Miller purchased this site. Later, the Mormons on both sides of the river who did not go west gravitated to this settlement, and during April conference in 1848 they changed the name to Kanesville, in honor of their friend Colonel Thomas L. Kane."

Monday 15
Let Brigham have $9.50 I have washed, got so tired I am truly sick, too tired to get bread stuff. Can neither eat nor asleep.

"The post office established here in March 1848 provided for several years the only postal service to the Mormons in the Valley of the Great Salt Lake."

"Here, during October 1848, Oliver Cowdery, one of the Three Witnesses, returned to the Church and was rebaptized. Elder Orson Hyde was appointed to preside over the Saints in Iowa (frequently referred to as the "Potawatomi lands"). While here he published a newspaper, the Frontier Guardian, from February 7, 1849, until February 20, 1852."

"The heart of this settlement was along Indian Creek at about the intersection of Fourth Street and Broadway in present-day Council Bluffs. One of the most important events to take place here was in December 1847 when Brigham Young was sustained as the second president of the Church, and the First Presidency was reorganized with Heber C. Kimball and Willard Richards as counselors to President Young."

"Since the death of Joseph Smith in June 1844, Brigham Young had led the Church in the capacity of president of the Quorum of the Twelve Apostles. On December 5, 1847, nine of the Twelve met at the home of Orson Hyde and effected the reorganization, and action that was ratified December 27 at a general conference of the Church at Kanesville."

"At that time Kanesville was the largest body of Mormons in the United States. Only 1,000 to 1,200 Saints were in the Salt Lake Valley, and most of those from the old Winter Quarters area had removed to Kanesville."

Tuesday 16
I ironed, picked up my ironware that was lent out. Sold the teakettle for 75¢. Let Jacob Hutchison have the pot and sipder to carry on for the use of them. If I want them, to return them again when called for, if not returned to be paid for. 2 o'clock moved back 6 miles on the bluff camped all went. 10 o'clock Sister
Caroline Tibbets sent for me, I went and put her to bed with a son, she paid me 50¢.

June 17, 1846

Put Sister Constoria Hutchinson to bed with a son.

Thursday 18

Bro. Hyde and Coolidge and Francis S. there has been given consent today to go down to the French town, many went came back with the music in the omnibus. The rest of the carriages coming after it was splendid. I did not go myself.

Friday 19

Bro. Hyde came into camp many have been strawberrying. Bro. Hutchinson gave me some.

Sunday 21

I go to meeting and then visited Sister Taylor.

Monday 22

Called Sister Martha Reaves, put her to bed with a son, When I came home I found P.G., and family and Rosella there. We were glad to see each other once more. It has been months and 10 days since I started and left my children. If David, Windsor and Sylvia were here, I feel as if I should be happy but alas they are not and sorrow fills my heart.

Tuesday 23

It rained some and very cold. I slept alone last night. It is cold today. We put the stove in the tent.

Wednesday 24

Cold, rained some today, got a letter from Sylvia dated June 3rd. Said she was going to Iowa in a week.

Thursday 25

I wrote to her. It rained very hard. Bro. Kimball visited us.

Friday 26

Put the letter in the office. The girls washed. P.G. overhauled his load.

It is 2 years today since the Prophet Joseph and Hyrum were massacred in Carthage Jail. Rosella looked over her things and gave me the things Sylvia had sent me.

Went to meeting. Fr. Richards at the close of the meeting spoke very feelingly; said it is two years, this time that he came into Nauvoo, with the bodies of the Prophet and how changed the scene. The people then were in tears howling and lamenting their loss. Now they were without hours, in tents, and wagons, clothed with the spirit of rejoicing a smile on every face. It rains this afternoon. 5 o'clock the men met together, the 12 concluded to take 100 men and go to the mountains.

Perrigrine is going. I cut some undergarments for him. Almost made them.

Finished them, cut 2 more and helped make them. Hazen Kimball's wife came to see me. They have got up again in Bro. Hides Co. Rosilla and I went up there.

Brigham's tent moved down to the river last night. The boat is done, ready to cross the word is to us to be ready, to go to the river at 10 o'clock. When 10 o'clock came the word was to put the teams to the wagons and start in 10 minutes. Before that time was up the men were called to a public council. One of the troops have come in to enlist men for one year. For to go to California. The 12 had a private council, after, Brigham is going back to Mt. Pimgah and sent word to us to stay.
where we were if we choose.

July 2, 1846

I slept alone, I went up on the bluff, looking for the cattle. I walked 3 or 4 miles. 9 o'clock Mr. Snow has found them. I visited Sister Taylor and Horn.

Friday 3

Bro. Brigham came and took dinner with us. Told us to go to the river. The girls were washing. We packed up our load, ready to start. Bro. Freeman came after me. I went back four miles where Bro. Parley was camped. Put Sister Freeman to bed with a daughter. Returned to camp. Found Mr. Snow and P.G. were gone. We rode after them found them camped on the bottom about 10 o'clock. 4 miles from where they were left.

Saturday 4

We moved to the camp near the river, had our bread stuff weighed out, that was got with the money we let Brigham have to send off to buy it with, 98% 175 as wheat, the rest corn, no flour, it being Independence day, the Indians rode out in style, came out to camp. Danced the war dance were painted and dressed in their fashion. In the evening we had a hard shower of wind, hail and rain. It blew our tent down and got many of our things wet.

Sunday 5

Tried out things, loaded up ready to go over river anytime.

Monday 6

Went down to the settlement. Rosella sold her tea set for $2.00. 12 o'clock, word came to get to the river. The oxen were gone and we could not find them. I traveled 3 or 4 miles after them. Brigham had let them go while he was in the river swimming. Mr. S, traveled 6 or 8 miles. P.C. 2 or 3, and at last we found them. Went to the river, got across, ready to go to sleep at 2:30 in the morning.

Tuesday 7

Here we are now between 2 mountains the road not out though, but men are at work making it, as fast as they can. It is so warm here in the valley, no air. It does seem as though we should melt. 4 o'clock word came that the road was done. We were glad to have it, as our cattle had neither eat nor drink since yesterday. We started along I drove the cows part of the way, and then a team, where the bushes were higher than the wagon and as thick as they could stand on the road, only wide enough for the wagon to pass, with one hand I held on to the steerbow for fear I should fall down and the wheels run over me, and the whip in the other. No air could circulate and I sometimes felt as though I should melt. But thank the Lord he carried us through.

Friday 31

Rained some but fair in the afternoon. I have been some lone hours this week. Mr. Snow has found fault with me. And we are here alone most only in tents. Holman's, Everett's, and ours. I do want to see the rest of our company, so much that I am quite discontented.

August 1, 1846

I still feel very lonesome. The girls go and get some more grapes.

"39. Cold Spring Camp, Omaha Nation (July-September). This was the first camp in what is today Nebraska. In July Brigham Young and others crossed the Missouri River on their ferry at Council point, to explore the area for a winter quarters. The lateness of the season and the loss of 500 men to the army prevented crossing the Rocky Mountains that year. They camped about four miles west of the river at a cold spring near the confluence of Big and Little Papillion creeks. This would make this temporary camp approximately where highways 275 and 92 cross the Little Papillion Creek near Ralston, southwest of Omaha."
the 7th of August. Today I have wrote a few lines to Sylvia. Did not have any clothes on for 20 days. I vomited 4 days and nights all the time. Got to the camp on Tues. Bro. Brigham and Heber laid hands on me. S. Young gave me some tonic on Wed. that seemed to reach the disease the Tr. said I had almost gone, I felt calm and composed told them where my garments were and all things necessary for my burial and requested to have the latitude and longitude taken where I was lain. Also to have a cedar post put down in my grave with my name cut on it so that I could be found when called for. Many thought I was dying and the news went out that I was dead, but the saints held on to me by faith and prayers and through their faith and the power of the Priesthood I was raised. I got so low that a teaspoon full of rice water at a time was all I could take for two days. Brigham said they must all hold on to me as long as I breathed and 5 minutes after I had done breathing, I had the best of care took of me. Friends came from almost every part of the camp to visit me, and to sit up with me and I feel thankful to God that I got in the camp for I think I must have died had I been anywhere else but with the main body of the church.

September 6, 1846

Brigham has gone back to Mauvoo. I have rode out with Sr. Young and others several times. I am getting better as fast as I can, I have much sorrow of heart, I hope the Lord will comfort me, I have set up but little today.

Tuesday 8

I feel bad again he has been and talked to Rosella and she fills his ears full and when he came to my bed I was quite chilled he was gone so long and I was so cold I had been crying. He began to talk hard to me before he got into bed and threatened me very hard, of leaving me. O may the Lord open his eyes and show him where he is deceived by listening to her false tales. P.G.'s women washed, Lucina has the chills. It rains, Rosella went away telling nobody where she was going.

Sunday 25  Went to meeting, then Mr. S. and I had a talk with Rosella. She was very willful and obstinate. He told her to come into the tent, and if she did right she could be used well. I told her it was a big cud for me to swallow, to let her come in after she had abused me so shamefully, she said they had abused me a great deal worse than she had been abused. He knew he had done wrong and abused me bad and he was sorry, and shamed of it, and if I would forgive her and let her come in he would do it not any more, and would sleep with me when I was at home and use me well, and he knew she had abused me worse than I had her, I said if she came in I should be boss over the work, and she must be careful how she talked and flury at me, without more humility in her, than I could see then I could bear but little from her we left her and went home to bed.

Monday 26  She came in and ate breakfast.

Tuesday 27  She washed. Sis. Calahans child died.

Wednesday 28  Ironed, but little said between she and I.

Thursday 29  I cook, still she does not offer to.

"40. Cutler's Park Camp (August-December). The first suggested site for winter quarters was named Alpheus Cutler, who selected it. It was located northwest of Omaha and north of Irvington,
along the Little Papilion Creek, somewhere to the east of where Interstate 280 crosses this creek.'

"Although Colonel Kane first met Brigham Yound at the Mosquito Creek Camp, it was here that he got to know the Mormons, suffered a severe attack of "bilious fever," and received a patriarchal blessing September 7, 1846. This camp proved to be of a temporary nature, however, for by late September a more suitable place to spend the winter had been located.'

"41. Winter Quarters (September 1846-July 1847). This extensive camp area, which was used through the following July, was about three miles closer to the river than Cutler's Park. The cemetery of this famous camp, where perhaps 600 are buried, is located north of Omaha in Florence, on the corner of State Street and Northridge Drive.'

"At the end of the year there were along the trail about 3,500 Mormons divided into twenty-two wards at Winter Quarters, over 200 across the Missouri River in Iowa, remnants at Nauvoo and in the Montrose area, and wards at Mt. Pisgah and Garden Grove. Other thousands were scattered in the United States and Canada, England, and the Society Islands. Altogether there were perhaps 50,000 Latter-day Saints by the end of 1846."

---

**November 1, 1846**  Went to meeting, went to see Bro. Holman, he is dead.

**Monday 2**  Put W. Spear's wife to bed. William S. told her last night she must go to ask and favor me, for I was not able to do much. She said she would do what I told her to and no more. He said well and must do right for she has so much and will bear but little more, I got but about 2 hours sleep last night and I have cut the meat off the bones of the beef, and salted it. I have to work all the time, and not withstanding all he has said to her about helping me she never has favored me in the least but before supper she gave me the lie many times and talked very saucy to me and when I could bear it no longer I told her to hold her tongue, and if she gave me the lie again I would throw the tongs at her, she then talked very saucy to me. I told her there was the tent door and might walk out if she could not carry a better tongue in her head. About 1/2 hour after she got up and went into the wagon and told Mr. S. I shoved her out of doors with the tongs. They all knew to the contrary.

**Tuesday 3**  She came into the tent, she will not work, I cook. I put James M. Flakes wife to bed.

**Wednesday 4**  He has lain with her 3 nights. She has told him many falsehoods and is trying to have him take her to Nauvoo, and then to Maine and leave me for good. I have not spoke to her today yet, she said I had quarreled with her all day. I go to bed, do not know what to do.

**Thursday 5**  She came into the tent Mr. S. told her to go to work, she said if she did I wouldn't let her do it. I had forbidden her a dozen times to do anything which was false, for she had not touched the first thing to help me. She then said if I would ask her. I then asked her to clean the dishes, she then went over the river and had never touched them. I baked some pies, when she came back she was very saucy to me, said she would not work for me.

**Friday 6**  He, Mr. S. told her to go to work and help me to clean the dishes as I had asked her. Said she would not if we wanted it done, we might do it ourselves. I did not speak, P.G. said he had
seen me abused long enough and she had caused it. She gave him the lie. He said she must take back or leave the tent. He had seen me cook and she set and do nothing and then come to the table and crowd me away long enough. She left and went to the wagon, saying she had nothing to do with the old woman I then put Brigham Young's wife to bed.

She is going there to St. Joseph to carry all the presents and other things for it to the Father. She seen Mr. Kimball and will send them her best love, and in the thought we should at the station was now to send a spring to look out the others could move on as we will be likely to stay here a while. As it is a general time of year we built a big city to live you at one glance of the weather, more than ever Mr. Cottrell, Mr. Jean, Mr. and Mrs. Smith, Mr. Morley and David Morris.

Truth and holiness and love
Wisdom, honor, joy and peace
That which cometh from above
In your pathway shall increase.

Thus the spirit of the Lord
In your bosom shall abide
And produce a rich reward
While the still small voice shall guide.

Faith and holy confidence
That will bear your spirit up
Shall hence forward recompense
All the bitter of your cup.

Righteous are your hearts desires
And they will not be denied
But our Father oft requires
That our patience shall be tried.

Thoughts should at times withhold
Longer than your hopes expect
You'll receive a double fold
When his wisdom shall direct.

Therefore let your spirit rest
God will order and things well
And were long you will be blessed
More than human speech can tell.

And the Lord himself will spread
Through our hearts a holy pride
Of your chosen earthly head,
Your Companion by your side.

Mutual shall your blessings be
Mutual shall joy, crown your way
Thus in time, Eternity
Opens to a brighter day.

Go thou loved and God is with thee
He will be thou stay and shield
And fulfill each precious promise
Which His spirit will reveal.

From thy Father and Thy Mother
Who are twined arcnnd thy heart
Also from thy elder Brother
Thou are alled awhile to part.

But thy husbnad will carress thee
And thy sweet angelic child
With her growing charms will bless thee
And the hours will be beguiled.
And your younger Brother David
With his harmless social glee
With the heart and hand of kindness
Often times will comfort thee.

And the Saints of God who are banished
From their country and their homes
Who for Jesus's testimony
In a wilderness now roam,

Will with prayers and application
Plead thy cause before the throne
Of the great Eternal Father
Where thy works of love are now.

Guardian Angels will protect thee
And the spirits still small voice
Will from day to day direct thee
Therefore let thy heart rejoice.

Oh, my father thou that dwellest
In the upper courts of light
Open thou the way before her
Guide of guide her feet straight.

I went again. Found them some better, but the weather being very unfavorable, I was afraid, they would take cold again and get worse again. I wished them to have someone else and liberate me. Told them the next day I would go and see Dr. Richards or Sprague.

Friday 3
As I was preparing to go, Dr. P. Richards came after me to go with him and see a woman he had been tending. We called as we went along and Sister Forsitt and girl, found them better. He thought they would get well if they took no cold. Said I had given them all he could thing of then. We then went to see the woman. I told him I thought she was dying and told her husband the same. She died that night. Her name was Clemans. I then went and saw Susannah. Was gone all day.

Wednesday 9  I was called to Sister Roads. She was dangerously sick. Susannah was there. I soon found that we could do nothing for her. We sent for Sister Shearer. She could do nothing for her. We then proposed to have a Dr., but she said she had been butchered once by Dr. Vaugh, and she would not have a Dr., neither would she take my labellia. The child's arm was born before I was sent for and her pains had left her. We stayed all night.

Thursday 10  We stay all day. She had no pains, appeared cheerful, conversed about many things, sometimes would say she would die. Then we would tell her she had better take something she would then say she was just so easy when her twins were born. Thus the day passed off. We washed her and changed her clothes. About 5 p.m. ate her supper and commenced heavy pains. The child's arm still in the birthplace, would not be put back. About 9 we became alarmed. Sent for the Elders again and for a Dr. He was not at home. The Elders came, Bro. Woodruff stayed by her. Bro. Willard could not come. Dr. Sprague was sick. Brigham was not to be found and we got no Dr. until she was dead. Sometime after between 11-12 the child gave a
strong move while her pain was on her. She 

instantly put her hand on her left side and 
said she was dying. Told Sister Shearer She 
could do no more for her. At 2 a.m. she fell 
asleep. The child dies, a few minutes before 
she did. The next day the womb in her left 
side where she had put her hand and said she 
was dying, the child was taken out. She was 
sawed up again, the child layed in her arms.

January 12, 1853 She was buried. Bro. Brigham preached to a 
great discourse. Also told the people that he 
had reached into the whole affair, and there 
was no blame to be laid on anyone, and he 
did not wish to hear stories about it. I 
know she would not have anything done for her 
that was not done, neither would she take any 
medicines.

Essence of a Prayer of Patty Sessions

I was alone my spirits cast down. I feel bad. Yet my trust is in God. He is my all and in His Holy name, I call for His spirit to direct me through my life and for wisdom in all things.

O Lord, give me thy spirit that it may be a light to my path. Give me knowledge that I may know truth and error for I desire to do good, and not evil. Make the path of duty plain before me and give grace to walk there in and give me patience to endure all that I may be called to pass through.

Patty Sessions
