¹ Unless noted, all collections shown are components within CONTENTdm.

² These items were removed from the digital collections in 2016.

³ The Electronic Reserve System (ERES) was replaced with reserve items placed directly within Learning Suite, the University's Course Management System. Since 2012, these figures reflect the total article hits for reserves.

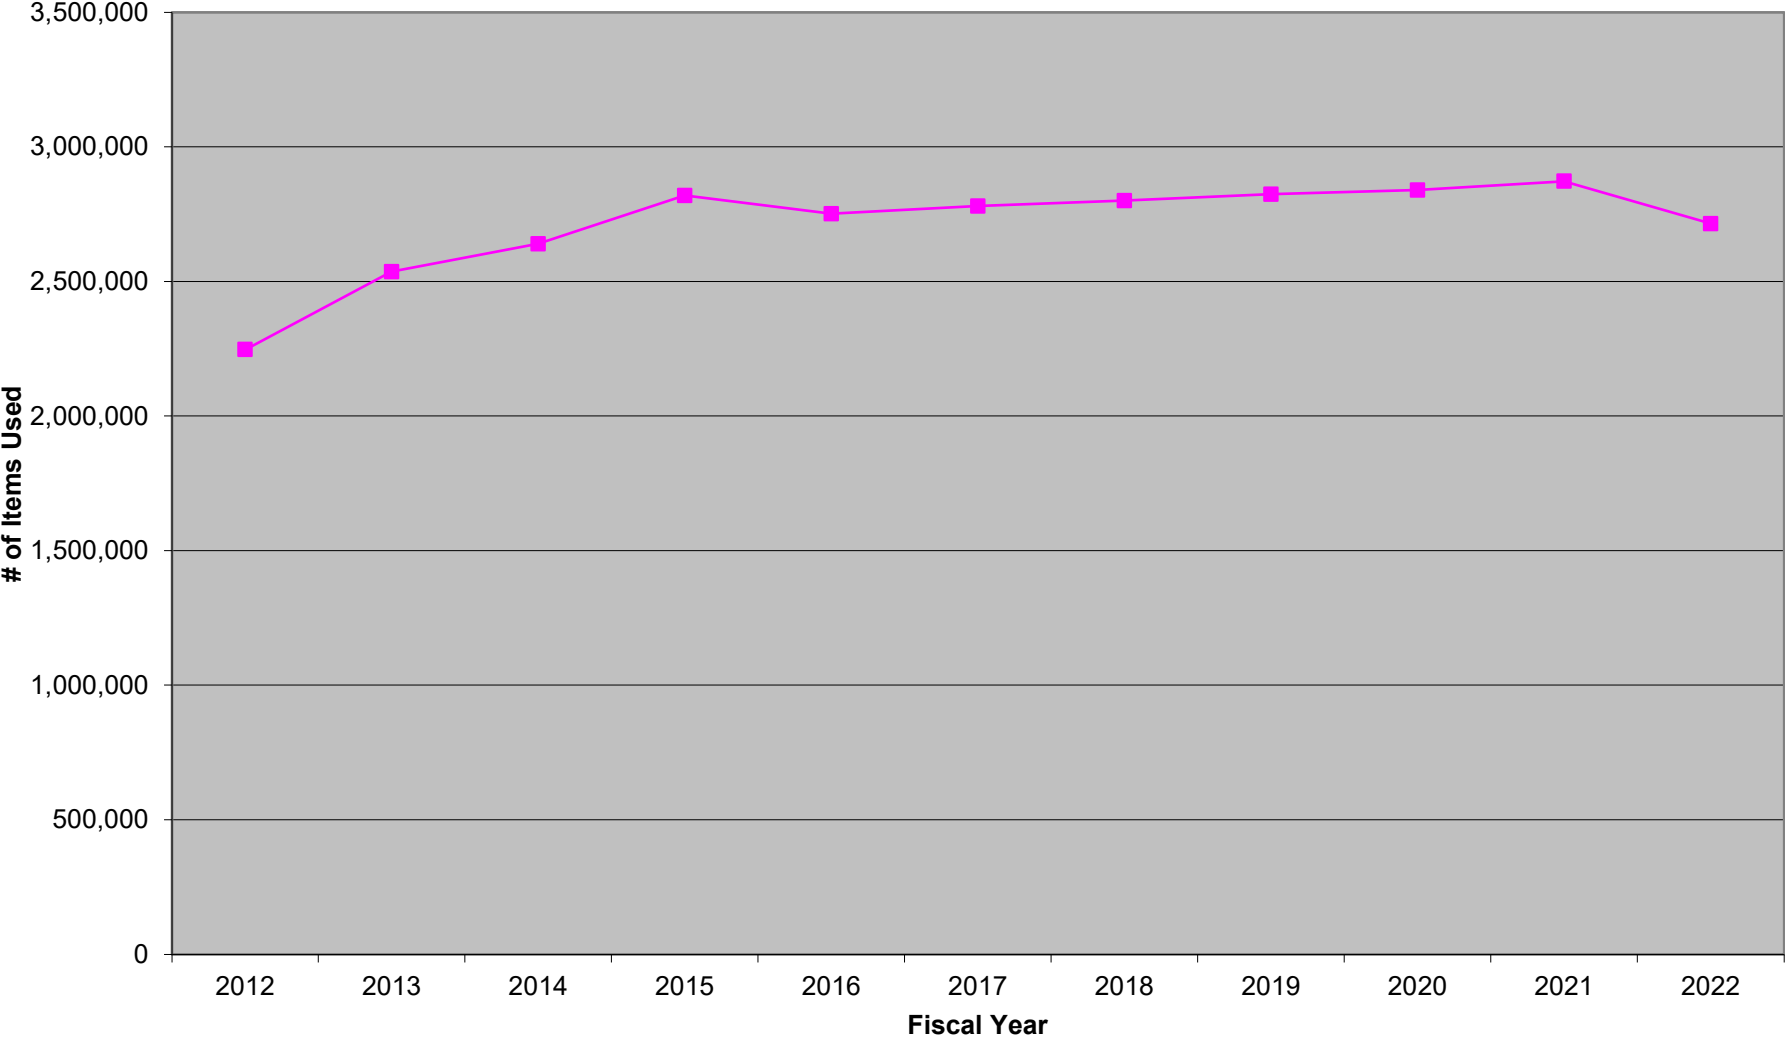

⁴ The value for 2016 was adjusted to better reflect accessing that system, as the original figure was overstated.

⁵ ScholarsArchive is the University's Institution Repository - content details are found on their summary sheet

⁶ Beginning in late 2020, the version of Adobe Analytics used to track website traffic was no longer supported by Adobe. This is in the process of being converted to Google Analytics. The figure for 2022 and before reflect figures tracked by Adobe Analytics.
