¹This appears to have previously been a count of items in the area formerly known as the Media Center. This is problematic because there are over 200,000 media items in the library if all locations are included. Most of these media items would be included in their respective call number above. In 2023 we could not replicate the previous method for getting this count exactly and so an approximation was used.

²Miscellaneous includes items that may not have call numbers matching the ranges specified, such as Curriculum, Mid-East/Icelandic/Welsh, World Classics and Sampler, as well as many items in Special Collections.
